

STEED 5

DOUBLE CAB

GWM
Focus Dedication Specialisation

**STRONG
REFINED
TRUSTY**

**TICK ALL
THE BOXES,
ALL THE TIME**

From its modern face to its masculine contours, the Steed 5 is all robust perfection. Comprehensive colour coding, front and rear fog lamps, steel wheels and a neat rear step bumper are standard on all models. But do not be fooled by the slick looks: Several tie-down points help secure your load while double insulation of the loadbin protects against the heaviest loads.

DOUBLE CAB

STRONG REFINED TRUSTY

COMFORT COMES STANDARD

Whether your Steed5 is used for business or pleasure, the comprehensive standard specification ensures that occupant comfort is never in doubt. It starts with the spaciousness of the cabin, which offers excellent head-shoulder and legroom all-round as well as a number of storage spaces for odds and ends. A neat padded centre armrest doubles as a large storage box between the seats.

All models feature power steering, fabric upholstery, air-conditioning, electrical windows and radio/Cd audio system (with USB support)

POWER AND ECONOMY

Whether you opt for the 2,2 litre petrol, or the VGT turbodiesel motors, exceptional power, economy and refinement are on offer. The proven 2,2-litre engine delivers 73kw and 180Nm of torque to the rear wheels. Want more power? For diesel fans there is GWM's 2,0-litre VGT engine that has received widespread acclaim. Boasting Euro-IV compliancy, this direct-injection, variable geometry turbo engine delivers 105kW and a meaty 310Nm of torque. A six-speed manual transmission is fitted.

SAFETY AND SECURITY

Double Cabs are loved in South Africa because they match our active lifestyles. This means that, along the line, they will also do duty as family vehicles. Consequently, safety is high priority. GWM has equipped the Steed 5 Double Cab 2,2 litre petrol and 2,0-litre VGT turbodiesel models with a comprehensive safety package that includes dual front airbags (excl. 2,2 Base) and ABS with EBD (excl. 2,2 Base). Furthermore, all Steed 5 Double Cabs feature fog lamps to boost visibility during poor weather conditions and adjustable safety belts. Rear door child locks are also standard. To make sure your pride and joy doesn't find a new owner without your consent, central locking is standard fitment.
